SPECIALISE IN MONTESSORI PRACTICE

Montessori Professional Specialism

Is this for you?

This course is a professional specialism for educators who already possess a valid practice qualification and who are teaching or regularly volunteering in an accredited Montessori preschool or nursery.

What makes the MPS different?

- Includes the whole curriculum, not only Montessori principles
- Oriented towards the ethical aims of Montessori education.
- Workplace-based and peer-supported, so the learning is relevant to your role.
- Created with highly experienced trainers from Collaborative Montessori

Gain knowledge and understanding of the Montessori curriculum and approach and learn to apply it in early childhood practice.

Learn to use the scientific approach to observation to guide children's holistic development through experiences in the environment.

Transform your teaching with Montessori education for the benefit of children and families in your community.

Where to Start:

Speak to your manager. Your school or setting can apply on your behalf.

You may also apply for a volunteer placement at partner Montessori school.

Blended format includes:

- ✓ Face-to-face and live online sessions
- ✓ Readings and video resources
- ✓ Guided observations in your classroom
- ✓ Practical and written assignments
- ✓ Online forum and tutorial support
- ✓ Setting-based coaching

Course duration: Max 12 months, part-time.
