

GROW YOUR GUIDES

SPECIALISE YOUR TEAM IN MONTESSORI PRACTICE

Montessori Professional Specialism

Is this what your setting needs?

This course is a thorough professional development course for enabling qualified educators to integrate into your Montessori setting, with all the practical capabilities and essential knowledge for the specialist role. It is not a practice qualification by itself.

What makes the MPS different?

- Includes the whole curriculum, not only Montessori principles
- Emphasises observational skills and awareness of the Montessori ethos.
- Workplace-based, entailing a close partnership with your setting and your emerging leaders of learning, and ensuring that the student's learning is relevant to their role.
- Created with highly experienced trainers from Collaborative Montessori

Help your staff gain a thorough understanding of the Montessori curriculum and learn how to apply it in contemporary early childhood practice.

Embed a rigorous observation-based approach to ensuring children's progress through experiences in the environment.

Develop leadership of learning in your staff team with the coaching certification.

Blended format includes:

- ✓ Face-to-face weekends and live online weekend sessions
- ✓ Self-study materials in a variety of formats
- ✓ Short guided observations in the classroom
- ✓ Practical and written assignments
- ✓ Online forum and tutorial support
- ✓ Induction and certificate for your Montessori-trained coaches

Course duration: Max 12 months, part-time.
